TechSoft created 2D Design for users who require sophisticated drawing and design features, but don't want to spend a lifetime learning to use them. Although designed with professional capability, its ease of use means that 2D Design is the CAD standard for the vast majority of UK secondary schools. TechSoft have developed features in 2D Design V2 to make output direct and seamless - LaserCAM is the only laser cutting and engraving machine on the market to have this 'designed-in' compatibility.
